The Anglesea 2

The Anglesea 2 has some slight modifications from the original which makes it stand out. The added outside living, increased bathroom size and toned down kitchen make this design a very cost effective one.

Block sizes are estimates only and based on standard Developer setback and Rescode setback of 4-5m front only and 3m rear setback. Plans, facades and specifications vary depending on zone and region. All MH designs are priced to the traditional facade associated with the range, all other facades are considered upgrades and will incur charges unless otherwise specified.
