The Port Of Spain

The Port Of Spain is the perfect home for the first home buyer. One of the more popular designs due to the master bedroom being at the rear and living area at the front.

Block sizes are estimates only and based on standard Developer setback and Rescode setback of 4-5m front only and 3m rear setback. Plans, facades and specifications vary depending on zone and region. All MH designs are priced to the traditional facade associated with the range, all other facades are considered upgrades and will incur charges unless otherwise specified.
